ALUK[®] VERANDA

THE INCREDIBLY VERSATILE NEW ALUMINIUM VERANDA AND WINTER GARDEN

Enjoy longer sunshine sessions, brighter spaces and more late night fresh air while remaining sheltered and protected at all times. No longer will you have to worry about rain spoiling your party or barbecue, and long gone will be the mad panic to get the outdoor furniture in before the heavens open.

Add glass walls and frameless sliding doors to enclose your veranda and create a full winter garden, allowing you to enjoy your outdoor space in warmth and comfort all the year round.

Full aluminium construction

3 different design options including fully thermally broken variant

Large spans – up to 6m

Variable pitch - as low as 7 degrees

Hidden water drainage and fixings

All types use slim 56mm rafters

Optional sliding doors and walls

5 stylish colours

Optional integrated LED lighting

Polycarbonate or glass glazing options

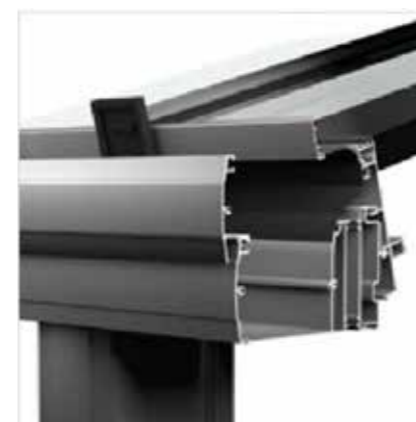

White

Quartz

Nero

Cream

Volcan

Type 1 - Premium

Incorporates thermal breaks, giving you the freedom to transform the veranda into an insulated living space.

Type 3 - Modern

Our most contemporary veranda, this system boasts slimmer aesthetic lines. A perfect example of form embracing function.

Type 4 - Enhanced

The most robust veranda in our range, Type 4 can be reinforced to span 6m in width with just two posts for maximum opening.
